Parole Reinforcement is for juveniles released from secure custody to community supervision that did not comply with their release conditions. There were 400 juveniles returned to the Arizona Department of Juvenile Corrections between January 2002 and June 2002 for a revocation hearing, 50.3% (201 juveniles) were placed on Parole Reinforcement, an increase from 5.8% in the previous six month time period. By definition, Parole Reinforcement is for juveniles found "proven" of an administrative or delinquent offense by an ADJC Hearing Officer. They remain on Parole status, however, they are assigned to a Parole Reinforcement facility (Sunrise Mountain School for males and Independence Parole Violator Center for females) so staff can determine why they didn't comply and help them succeed on their subsequent release to the community.
